Make an impact with employers

The knowledge, skills and experience you gain will help you stand out when going for that dream job. Learn how to express your professional best with:

- Internships and practical experiences integrated into your studies
- Development of a strong online presence, as well as improved resume and cover letter writing skills
- The ability to understand and respond to complex interview questions
- Personalised career mentoring that offers connections, support and insights
- Introductions to exciting companies at industry networking events
- Internships and experiences that build your confidence and reputation.

You can make this happen

UNSW Careers supports you with expert personalised career planning, mentoring and job-seeking skill development. For more information, visit careers.unsw.edu.au

Work Integrated Learning at UNSW builds practical work experience opportunities like internships into your degree. For more information, visit wil.unsw.edu.au

Real graduates, real stories

Discover what UNSW College is like from students who have studied here, graduated from UNSW and are enjoying success in their dream careers.

"The UNSW College Diploma program provided me with the necessary knowledge and experience to be able to transition to my undergraduate study at UNSW as smooth as possible. The program also helped me to leverage both hard and soft skills such as presentation skills, communication skills and time management. With the preparation for my undergraduate study through the program, I was able to perform well and finish my undergraduate degree in Bachelor of Engineering (honours) in Renewable Energy Engineering smoothly. I was able to achieve my dream career and I am now working as a Graduate – Plant Performance Engineer at RES Australia."

Aileen Inez Widjaja
Diploma in Engineering Graduate, UNSW College

*Graduate of UNSW Global, now known as UNSW College. Please see back page for more information

Aileen Inez Widjaja

Meet our graduates

"Being a UNSW College student, I had the opportunity to not only meet friends from different backgrounds but also experience smooth transition to studying, living, and working in Sydney through the sheer amount of support from teaching staff and hands-on activities.

The experience I had in the program became the foundation of my endeavours in UNSW, especially in becoming culturally fit with the dynamics in Australia. It was my first steppingstone to becoming more confident in working with different context thanks to the College experience, which helped me to get into university societies, my internship, and my graduate role today."

Gianfelix Goenawan
UNSW Transition Program Graduate,
UNSW College

*Graduate of UNSW Global, now known as UNSW College. Please see back page for more information

See Gianfelix's Journey

| UNSW Transition Program | > | UNSW Sydney Bachelor of Commerce/Computer Science | > | Software Developer at Quantium Graduate Program 2023 |

"With excellent support from academic and student support teams, I did not need to worry about any external factors that could potentially affect my student life, all I needed to do was to be on top of my studies and be consistent with my effort so that I got to my desired place. Now I can proudly say I am exactly where I want to be!

UNSW College prepared me for the undergraduate program in several ways. It taught me the basic fundamentals to being a successful student. For example, turning in quality assignments, time management, following directions, usage of teamwork and communication with peers and teachers and organisation skillset. I've learned from my failures and successes at UNSW College, which has made me more cognizant of my academic decisions. I no longer require reminders because I believe I have already grown into a self-starter. I feel that I was well equipped with these qualities when I came out of UNSW College, and the university was where I put them to test."

Patrick Aung Khant Min

Discover Sydney

From the white sails of the Sydney Opera House to the glistening surf of world-famous Bondi Beach, fall in love with Sydney's endless wonders.

Ranked 9th Best Student Cities* in the world, Sydney combines world-class education with an unrivalled lifestyle. Safe and welcoming, with an amazing climate, it is a melting pot of culture, cuisine and offers limitless opportunities to explore.

Beyond iconic landmarks, natural beauty and amazing restaurants, Sydney is Australia's financial and economic powerhouse – offering a wealth of business and career opportunities. There's always something to do in Sydney – and at UNSW College you're in the heart of it all.

*QS World University Rankings, 2023

G'day mate!

Australians are known for their laid-back and friendly attitude, which may be why Sydney has been ranked one of the safest cities in the world. Filled with vibrant multicultural communities, it feels like a home away from home, no matter where you're from.

Take a break from the books

There's always something fun and exciting happening in Sydney. Check out the colourful lights playfully illuminating the city during Vivid Sydney or attend an open air concert in the Domain. See the latest play at the Opera House or watch your favourite band play at local favourites including Metro Theatre or the Roundhouse!

And for sports fans, stadiums including the Sydney Cricket Ground and Allianz Stadium host world-class events from cricket and rugby to soccer and athletics.

Discover new tastes

Sydney's food is inspired by its multicultural community, fresh local ingredients and creativity. From fine dining to cheap eats, you can taste your way around the world, with an array of culinary gems on your doorstep. Explore Chinatown, Spice Alley, Little Italy and a wide selection of fresh food markets all close by.

Get ready for business

Sydney is home to more international firms than any other Australian city. As a gateway to Asian economies, you will find many valuable networking opportunities to help you stand out in the global job market. With UNSW College and UNSW Sydney's career support services, you will feel confident about establishing new professional networks.

Sydney on a budget

On a budget? No worries. There are lots of affordable indoor and outdoor activities to enjoy in Sydney. Visit a free art gallery, catch a movie at the local cinema, try a coastal walk, snorkel or surf at the beach, or enjoy a budget-friendly lunch or dinner in suburbs like Surry Hills, Newtown or Darlinghurst. Join a student social club and try a new hobby with new friends.

Discover Sydney's natural beauty

Sydney is all about the outdoors – and it's easy to see why. Go for a swim or learn how to surf at Bondi Beach only a short bus ride away or explore one of the many stunning hiking trails in the majestic Blue Mountains. Have a picnic harbourside at the Royal Botanic Gardens, throw a frisbee around at Centennial Park or catch the ferry over to Taronga Zoo and spend the day with the animals and some spectacular views.

Your UNSW College life

Join us on the UNSW College campus and become part of a thriving global community. Find your new home in our beautiful coastal city, make lifelong friends and gain valuable skills and experiences for a successful career.

Everything you need is right here

UNSW College's Kensington campus is minutes away from UNSW Sydney, giving you access to many accommodation options, cafés, restaurants, and supermarkets. Health services like a medical clinic, doctor, optometrist, dentist and physiotherapist, as well as free, confidential psychologists are all on campus to help you look after yourself.

And when it's time to hit the books, you can study at one of UNSW's indoor computer labs or outdoor study areas.

Your new social calendar

Explore your new home and get to know the city better with an introductory tour of Sydney. Join new friends on organised day trips to some of the most iconic places – spend a day at Luna Park, visit the majestic Blue Mountains, or say hello to koalas and kangaroos at Taronga Zoo. And for a night out with friends, head to UNSW's iconic Roundhouse bar for concerts, dance parties and plays.

Find work in Sydney

As an international student, you can have a part-time job while you study, and full-time during holidays. Join one of our resume writing or personal branding workshops and learn about your work rights to make sure you find the right job for you. Our Student Services team can also help with your job search in Sydney. Check your visa rules to make sure you're allowed to work at `immi.homeaffairs.gov.au`.

Courtyard, UNSW College

Get involved in the community
Develop your leadership skills and take an active role in the College's buzzing community by joining the Student Representative Council (SRC) or by becoming a UNSW College Volunteer.

Join the club
You can also meet new people and follow your passion at one of the ARC's 300 social clubs and societies. From politics and religion to art, sports and community, there's a club that meets your interests.

"SRC experience really helped to build my confidence and communication skills, especially in English, whilst contributing to the Global community"

Liam Liu
UNSW College Student Representative Council member

*Graduate of UNSW Global, now known as UNSW College. Please see back page for more information

Volunteer with UNSW College
Our volunteers help plan and run student activities and welcome new students through tours and open days. And when you become an undergraduate student, you could be considered for UNSW's Ambassador Program – which offers paid work experience and opportunities to represent UNSW. To find out more information and how to join, email volunteer@unswcollege.edu.au.

Make your voice heard as an SRC member
Our Student Representative Council (SRC) is involved in every aspect of college life – from helping to organise student rights campaigns to fostering and supporting safe spaces within our community. If you're passionate about standing up for student rights, join the SRC at UNSW.
student.unsw.edu.au/cocurricular/student-representative-council-arc-unsw.

Study on Campus

Your university journey begins on our UNSW College campus, which has been designed to enhance your student experience. From the Student Common Room and Student Hub to the courtyard – all areas feature student-focused furniture layouts, with relaxed seating, lounges and areas for private group work or individual study. In classes, you'll learn from high-quality, experienced teachers and have access to all the academic and personal support you need – it's the perfect place to get university ready and prepare for academic success. With world-class facilities at your fingertips on the UNSW main campus – you can immerse yourself in university life.

Small classes

with an average of 20 students, so you receive individual attention.

Expert teachers

who are committed and experienced in teaching international students in an engaging and supportive way.

University experience

with lectures and tutorials, for an easy transition to university learning.

Flexible, supportive learning

We focus our programs on 'blended learning': a combination of face-to-face teaching and online resources and support. It makes content accessible and learning more flexible.

"The teachers and lesson structure at UNSW College are great. I have also made lots of friends at College. The classes are small so I can have more chances to make friend and the teachers are kind and caring. My class mates are really nice and they all come from different countries. UNSW College has made me a more social person."

Ho Yan Tung
UNSW College Student
Representative Council member

*Graduate of UNSW Global, now known as UNSW College. Please see back page for more information

Reach your full potential

Achieve your academic goals with our range of services and online resources. Our Student Services team is here to help you achieve your study goals and keep you on track during your UNSW College journey.

Personalised learning support

Ask questions and get additional one-on-one or small group support from experienced teachers, available every week. Receive academic assistance from UNSW student peer leaders at our after-hours Study Club.

Access top facilities

With UNSW's world-class library, design studios, engineering and science labs, online resources and sports facilities, you can reach your potential faster.

Feel safe and welcome

Every member of our UNSW College community deserves to feel safe and welcome, especially on campus. At UNSW College we are committed to providing a safe learning environment and an inclusive campus experience for everyone.

Practise English with new friends

Join the Conversation Club for a fun way to improve your speaking skills. Chat about things that interest you outside of the classroom and make new friends as you go.

Learn new skills

Join small group workshops designed to help you master more challenging ideas and skills.

Support for success

At UNSW College we are here to support you every step of the way. Our Student Support teams will help you manage life at university. From advice on accommodation options and getting set up at UNSW College, to helping you study more effectively and looking after your health and wellbeing. If you need support or just have a question – we are always here.

The right start at UNSW College

Support from day one

We are here for you from day one. Once you're enrolled at UNSW College, our dedicated support teams are here to help you manage life at university. Prepare for your studies at UNSW College with one of our wellbeing, study support and orientation sessions. We can even pick you up from the airport, at an additional cost.

Your first day on campus

Orientation Day is where you will receive your student card and learn about student life in Sydney. Enjoy lunch with your new classmates, meet teachers and support leaders and take a UNSW campus tour with our student volunteers who are very excited to meet you.

Welcome Week

Join in activities and fun social events across Welcome Week so you can get to know your fellow students and get comfortable with campus life.
And once you have settled in, you can explore our beautiful city and harbour by joining some of our social activities.

> For more information, visit
> unswcollege.edu.au/experience/student-services

Find your new home

UNSW has a variety of on and off campus student accommodation options to suit your needs. Whether you want to walk to your classes or be close to the beach or the city, you can choose to live on campus, in an apartment or join a share house and rent privately with friends. We can help you select the accommodation that works best for you. At UNSW College we can provide you with both on or off campus accommodation best suited to your lifestyle, with catered and non-catered options available.

Under 18s

If you are under 18 years of age and not living with a parent or guardian you will be required to live in UNSW College approved accommodation. We have different styles of approved accommodation options, from on campus college experiences to living with Sydney families through homestays.

Over 18s

If you are over 18 years of age you can choose to live in one of our UNSW managed colleges or affiliated colleges on campus. For a more independent lifestyle, living with other UNSW students, you can consider UNSW apartments on or off campus.

> For more information, visit
> unswcollege.edu.au/experience/accommodation
>
> If you need help finding the right fit for you, contact our Accommodation team at
> accommodation@unswcollege.unsw.edu.au

UNSW college accommodation

Cost of living

If you're living abroad or out of home for the first time, managing your expenses is an important skill to master. You don't want to be worried about running out of money while trying to focus on your studies! So, before you join us, it's important to think about the costs of living and studying in Sydney, even if you've got support from back home.

> For more information, scan the QR Code or visit

Under 18?
We are here
for you

If you are under 18 without a parent or a guardian in Sydney, our Under 18 Care Program is perfect for you. We make your experience living and studying in Australia fun, easy and safe.

Our dedicated team is highly trained to help you with all aspects of life in Australia – whether it's arranging the right accommodation, supporting your studies or looking after your health. We will assist with your transition to UNSW and help you plan for university.

You will have access to regular workshops helping you develop skills for success. Regular meetings with student advisors will keep your studies on track and your health and wellbeing in check.

Under 18 visa requirements

If you are under 18 years old and want to study in Australia, you can meet additional visa requirements in two ways.

1. Join the UNSW College Under 18 Care Program. You will need to complete some forms to apply but our friendly Admissions team will guide you through the process.

2. Live with your parent or nominated guardian in Sydney. You will need approval from the Australian Department of Home Affairs.

> For more information, scan the QR code or visit unswcollege.edu.au/under-18-care or immi.homeaffairs.gov.au and search for 'Welfare arrangements for students under 18'.

Peace of mind for parents

We offer information sessions and webinars to help parents understand visa and enrolment requirements, university processes and expectations, and help them support you if you are studying online. Our Student Advisers will communicate with your parents about your progress, health and welfare. They also work closely with various teams and services to make sure you feel supported and safe throughout your UNSW journey.

"When I joined UNSW College, I was still under 18 and UNSW College made sure I was safe and healthy at any given moment, so I genuinely felt secure though being a minority without any family members in Australia. With excellent support from academic and student support teams, I did not need to worry about any external factors that could potentially affect my student life".

Patrick Aung Khant Min
UNSW Foundation Studies Graduate,
UNSW College

*Graduate of UNSW Global, now known as UNSW College. Please see back page for more information

Choose your own path

Take your first step towards UNSW

Prepare for university and make the most of your studies with our pathway programs. Choose from a range of options that suit your academic and English language skills, and the degree you plan to study. Master your skills and learn university recognised content, so you can meet entry requirements and start your UNSW journey with confidence.

Get the support you need

You should consider a UNSW College pathway program if you are an international student and you:

- completed a High School qualification that is not recognised by UNSW
- need additional support to help you progress from high school to university studies
- have not met the entry criteria for a UNSW degree
- have not finished high school
- need some additional English tuition.

Start your future at university

Once you successfully complete your pathway program and meet the entry requirements, you will be guaranteed a place in your chosen UNSW degree – and take a step toward your dream career.

Explore our pathways

High School Year 12	>	UNSW Diploma Program*	>	Second Year at UNSW Sydney
High School Year 12	>	UNSW Transition Program	>	First Year at UNSW Sydney
High School Year 11/12	>	UNSW Foundation Studies Program*	>	First Year at UNSW Sydney
		University English Entry Course	>	UNSW Diploma Program UNSW Bachelor's degree UNSW Master's degree
Foundation English Entry Course	>	UNSW Foundation Studies Program	>	First Year at UNSW Sydney

Your goals are personal. Just like our pathway programs. Discover how they can prepare you for your journey through university – and beyond.

Diploma Programs

Get into Second Year at university with this 12-month program. Study Architecture, Business, Computer Science, Engineering, Media & Communication, and Science. See more on **page 34**.

Academic English Programs

Improve your English so you can focus on your studies and reach your full potential. See more on **page 46**.

Foundation Studies Programs

Prepare for First Year at university and start your degree strong with supportive programs designed for your skill level. See more on **page 42**.

> Ready to start your journey? See **page 69**.

*You may need to complete an Academic English Program before you start your pathway program. For more information on entry requirements, see **pages 58 and 60**.

Meet your academics

Yichelle Zhang
Business

After completing a Bachelor of Commerce followed by Postgraduate Research at UNSW Sydney to complete her Masters in Philosophy, Yichelle started lecturing undergraduate and postgraduate courses. In 2008 Yichelle began lecturing with UNSW and in 2021 began teaching at UNSW College.

"I love sharing my passion of learning with the students, and seeing their interests and skills develop and mature. I also love learning from my students as they share their experiences and cultural backgrounds with me during class".

Karen Black
Life Sciences

Karen began teaching in 1992 as a laboratory demonstrator, while undertaking her Doctorate (PhD) at UNSW Sydney. In 2017 she began teaching Foundation Studies Biology laboratories for UNSW College and later worked to develop the Diploma Program Biology course before becoming Course Convener.

"I find International students so inspiring – taking on the challenge of studying far from home and learning in a language that in most cases, is not their first language. I think they are incredibly brave and it inspires me watching them gain confidence and independence".
Majid Malekpour
Engineering

Majid began teaching as a casual tutor and laboratory demonstrator while completing his Doctorate (PhD) at UNSW Sydney. In 2019 he joined UNSW College as an academic staff member, developing and teaching on diploma courses.

"For me, teaching is a deserving career that requires not only a comprehensive knowledge of the content with absolute professionalism, but also deep commitment and passion. I have a firm belief, as my learning and teaching philosophy, that a lecture must be an inspiration for the future generation of engineers, a motivator to help them engage with the course and enjoy every moment of their studies, both on campus and at home".

Thomas Murphy
Chemistry

Thomas began teaching casually in 2012 while completing his Doctorate (PhD) of Chemistry. In 2018 he started teaching Foundation Studies while working to develop the current Diploma Chemistry courses he continues to teach at UNSW College today.

"I really love science and chemistry. When I can help a student understand and then enjoy chemistry, I get to share one of my favourite things with them. Hopefully I can help students appreciate how awesome science and chemistry is".

Mark Lewis
Art & Design

Mark began teaching at the Australian National University in 2010 before living and teaching in several cities in China, including Tengzhou, Nanjing, Shanghai and Qingdao. Returning to Australia in 2016, he began teaching Academic English for Foundation Studies and now teaches a range of Art and Design courses across both Foundation Studies and Diploma Programs at UNSW College.

"My favourite thing about being a teacher is being in a position to be able to help students to work towards their academic and career goals (no matter what they might be) and helping them to overcome challenges they may face in achieving this".

*UNSW Global, now UNSW College. See back cover for more information

Enter Second Year at university

Get on track to study at university with a UNSW College Diploma. Study First Year level content and go straight into Second Year of an undergraduate degree in just 12-months. Plus, when you graduate, you will start your career with two world-class qualifications – a diploma and bachelor's degree.

You can choose to study a Diploma in Architecture, Business, Computer Science, Engineering, Media & Communications or Science.

Feel confident to start university

As a Diploma student, you will study course content equivalent to First Year at UNSW, with all content recognised by UNSW – so you're learning the same as students in a First Year degree program. You get more attention and support, so you can feel confident when it's time to progress.

Advance directly to Second Year

If you just missed out on direct entry into UNSW and need some extra support, this program could be the best way to keep your university plans on track – without adding extra months or years on to your journey.

Get ready to succeed

You will have access to world-class UNSW facilities (like libraries, design studios, computer, engineering and science labs), clubs and societies from day one, with the added support of UNSW College behind you. This means small class sizes with around 20 students per class, and personalised consultations with your teachers. You've got this!

for Architecture, Building and Urban and Regional Planning

Australia Research Council's 2018 ERA - Excellence in Research in Australia

Help shape future communities by creating beautiful, practical and sustainable places and spaces – study architecture at UNSW.

Architects design buildings, spaces and outdoor areas where people live, work and play. A Diploma in Architecture gives you the right foundation for a rewarding career, where you will create spaces that improve lives, communities and the world we live in. You will learn about architectural design, history and communications, plus the science behind building sustainable environments.

And at the end of your Diploma you will go you straight into Second Year of a Bachelor of Architectural Studies, Bachelor of Interior Architecture (Honours) or Bachelor of Landscape Architecture (Honours) at UNSW Sydney.

Your future at UNSW
When you progress to UNSW, you can choose a degree to prepare you for your future career.

Bachelor degrees
- Bachelor of Architectural Studies
- Bachelor of Interior Architecture (Honours)
- Bachelor of Landscape Architecture (Honours)

Career opportunities
- Architect
- Architectural Technician
- Building Surveyor
- Interior and Spatial Designer
- Landscape Architect
- Production Designer
- Structural Engineer
- Town Planner

"The Diploma program is very helpful for international students like me. It helped me to adapt and understand the system that I am new to through more engagement in classrooms and more face-to-face time with the teachers. I have learnt to interact with my peers, teachers, and authorities."

Zunaid Hassan, Bangladesh
Diploma in Architecture

*Current student of UNSW Global, now known as UNSW College. Please see back page for more details

Note: Diploma in Architecture students must achieve a Satisfactory Grade (equivalent to IELTS 6.5) for the Communication and Academic Literacy course and a minimum pass for all other courses to progress to Second Year of the relevant degree program at UNSW.

*Students wishing to progress to Bachelor of Landscape Architecture can only commence the Diploma in the January intake.

UNSW Diploma in Business

Intakes January, May, August

Duration 12 months

Courses 9

Progression Second Year, Bachelor of Commerce at UNSW

Indicative fees A$42,900

Scholarships Up to A$7,500

CRICOS Course Code 102394F

Get ready to change the world with a career in business. Study commerce at UNSW – one of the best universities for Business and Management in the world.

Learn skills you can use in any role, including how to manage people and lead change while building lifelong career connections at UNSW. A Diploma in Business will teach you how to analyse current global business challenges and recognise and jump on opportunities. Its innovative First Year curriculum will prepare you to choose the right major for you – whether that is a focus on data, people, or global markets. Your Diploma will also take you straight into Second Year of a Bachelor of Commerce at UNSW Business School.

Your future at UNSW

When you progress to UNSW, you can choose a degree major to prepare you for your future career.

"UNSW College provided the same courses as UNSW first year. However, they were delivered in 12 weeks instead of 10. This allowed me to have more time to adapt to the new environment and teaching style. But at the same time, I was educated with the same material and learning outcomes…I was well prepared in the electrical fundamentals course, and this helped to succeed in many later courses."

Megan Michelle Wong, China
Diploma in Engineering

*Graduate of UNSW Global, now known as UNSW College. Please see back page for more details

Note: Diploma in Engineering students must achieve a Satisfactory Grade (equivalent to IELTS 6.5) for the Communication and Academic Literacy course and a minimum pass for all other courses to progress to Second Year of the relevant degree program at UNSW. If you wish to study a major not on this list, you may be eligible to receive credit for courses that are common.

UNSW Diploma in Media & Communication

Make an impact on the world by studying media and communications at UNSW.

Powerful and complex, media influences our daily lives. A Diploma in Media & Communication will give you the skills to use your creativity, develop critical and analytical thinking and communicate across many platforms – preparing you for a career in a range of media and communications roles. And when you've completed your Diploma, you'll progress to Second Year of your degree at UNSW, where you can choose from a range of specialisations.

Your future at UNSW

When you progress to UNSW, you can choose a specialisation to prepare you for your future career.

UNSW Foundation Studies

Preparing you for university

A UNSW Foundation Studies Program is your supportive pathway to the first year of your chosen UNSW degree. Our programs are designed to suit your academic and English skills, prepare you for studying at university and once you successfully complete a Foundation Studies program, you have a guaranteed place at UNSW.

Flexible entry points

If you've just missed out on entry or need help to meet English and academic requirements for a Bachelor's degree, our range of Foundation Studies Programs are for you. The programs are tailored to different abilities so you can move at a pace that works for you – with the right support and flexibility to reach your study and career goals.

Be degree ready

A UNSW Foundation Studies Program suits every career path. Do you want to study a degree in Architecture, Business, Cyber Security, Medicine, Quantum Engineering or any of our hundreds of other professional pathways? There's a Foundation Studies Program that will get you there. The content you study has been approved and developed in consultation with UNSW faculties so you will be prepared for your degree.

A supportive pathway

Enjoy a personalised learning experience with individual support from dedicated and experienced teachers. Plus regular feedback and ongoing assessments will keep you moving forward. Prepare to challenge yourself, get ready for life at UNSW and make lasting friendships along the way.

For more information, visit unswcollege.edu.au/study/foundation-studies-overview

Get to where you want to be

Do you want to change the world through science, technology, innovation or design? Maybe you're dreaming of a career in engineering or running your own business? Choose the stream that will get you there.

A stream is the area of study that will help you prepare for the UNSW Bachelor's degree you want to complete. If you're planning to study a UNSW Foundation Studies Program or UNSW Transition Program Online, you will need to choose the stream which aligns to your preferred degree.

Which stream is right for you?

Arts & Social Sciences

This is your stream for a degree in:

- Arts
- Criminology
- Education
- International Studies
- Media
- Social Science

This stream will cover subjects such as:

- Academic English
- Computing
- Culture & Communication
- International Issues
- Management
- Maths

Commerce or Actuarial Studies

This is your stream for a degree in:

- Accounting
- Actuarial Studies
- Economics
- Finance
- International Business
- Marketing
- Some Law degrees

This stream will cover subjects such as:

- Academic English
- Accounting
- Business Law
- Computing
- Economics
- Management
- Maths

Design & Architecture

This is your stream for a degree in:

- Architectural Studies
- Arts
- Construction Management & Property
- Design
- Fine Arts
- Industrial Design
- Interior or Landscape Architecture
- Media

This stream will cover subjects such as:

- Academic English
- Computing for Design
- Culture & Communication
- Design
- Maths

Physical or Life Science

This is your stream for a degree in:

- Biomedical Sciences
- Engineering
- Medical Science
- Medicine
- Psychology
- Science
- Technology

This stream will cover subjects such as:

- Academic English
- Biology
- Chemistry
- Computing (programming)
- Maths
- Physics

> For more information, visit unswcollege.edu.au/study/foundation-studies-overview
> For a full list of degree programs and entry requirements, see .

If you would like advice on which stream to choose for your preferred degree program, contact UNSW College Admissions at admissions@unswcollege.edu.au

Build your English skills and <u>succeed</u> at university

Student Common Room, UNSW College

Our Academic English Programs are designed to help you build and strengthen your English skills before you start your university journey.

Something for everyone

These courses are suitable for various English levels and help develop your academic language skills quickly. The range of courses also helps you prepare for the study path you want to take.

Prepare for the next step

These flexible courses will help you meet English entry requirements for one of our pathway programs or a UNSW degree.

Supportive, practical and engaging

Learn English at your level in small classes with lots of support, regular feedback and assessments. Industry-leading teachers will help you develop critical thinking skills through engaging and interactive classes.

For more information and the most up-to-date entry requirements, visit unswcollege.edu.au/study/entry-requirements

Note:
- There may be specific subject requirements, depending on your intended degree program; for example, a minimum grade in mathematics and/or science subjects may be required.
- To be eligible for entry, students must be at least 16 years of age at the time of commencement.
- Where students do not have their final results from their Year 11 or Year 12 studies, forecast (Semester 1) results are accepted in most cases.
- UNSW Foundation Studies Programs are primarily designed for students with an international background and English language studies are included in the program.
- Australian citizens and permanent residents can apply for all UNSW Foundation Studies Programs or UNSW Transition Program Online.
- Australian citizens and permanent residents can apply for University English Entry Course, but cannot apply for a UNSW Diploma Program.
- Student visa holders are not eligible to apply for UNSW Transition Program Online.

English entry requirements

for UNSW degree or a UNSW Diploma Program

Before starting a UNSW degree or a UNSW Diploma Program, you will need to have reached a minimum level of English language proficiency. If you have other English qualifications to the ones listed below, you may still apply to enter these programs. Contact **admissions@unswcollege.edu.au** for more information.

Depending on your level of English, you may need to study an Academic English Program. This may consist of between 10 and 30 weeks of additional English language tuition in our University English Entry Course and Essential Academic English course.

The entry requirements listed are a guide only and are subject to change.

Postgraduate Research: Arts, Design & Architecture, UNSW Business School and Law & Justice.	Academic English Programs		
	Degree entry requirements	10 weeks	15 weeks

Progression

to UNSW Sydney

Once you successfully complete a Foundation Studies Program or UNSW Diploma Program and meet the specific entry requirements, you will progress straight into your chosen bachelor's degree at UNSW Sydney.

> For the most up to date information on specific entry requirements for your chosen UNSW Sydney bachelor's degree, visit
> unswcollege.edu.au/study/progression-to-unsw-sydney

UNSW Foundation Studies students

Students are assessed throughout each course using assignments, tutorials and laboratory sessions, semester examinations and final examinations. Students must meet the required Grade Point Average (GPA) in order to progress to a bachelor degree at UNSW. For information on how to calculate your UNSW Foundation Studies GPA, visit

unswcollege.edu.au/calculating-your-grade-point-average

UNSW undergraduate entry requirements for Diploma Program students

Diploma in Business students must achieve a Satisfactory Grade (equivalent to IELTS 7.0) for the Communication and Academic Literacy course and a minimum pass for all other courses (with an overall average of 60%) to progress to Second Year of the Bachelor of Commerce at UNSW.

Diploma in Architecture, Computer Science, Engineering, Media & Communication and Science students must achieve a Satisfactory Grade (equivalent to the IELTS 6.5) for the Communication and Academic Literacy course and a minimum pass for all other courses to progress to Second Year of the relevant degree program at UNSW.

Scholarships, rewarding motivation to succeed

UNSW College is dedicated to supporting your studies and rewarding your ambition. If you have a strong academic record, you may be eligible for one of our scholarships. We offer scholarships for high-achieving international students – providing some extra support with funding your pathway into UNSW Sydney.

UNSW Pathway Scholarships

High-achieving students may be eligible to receive a scholarship for their Diploma or Foundation Studies Program.

> For more information, visit
> **unswcollege.edu.au/apply/scholarships**

UNSW College Academic Award

If you successfully complete a Foundation Studies Program and go on to study a UNSW degree, you may be eligible for a one-year scholarship worth up to A$10,000.

> For more information, visit **international.unsw. edu.au/international-scholarships**

Ross Woodham Scholarships

If you excelled in your Foundation Studies Program, and you will go onto study a degree at UNSW, you may be eligible for a Ross Woodham Scholarship valued at up to A$10,000.

> For more information,
> visit **unswcollege.edu.au/apply/scholarships**

Note: Terms and conditions apply. Students studying Transition Program Online or Academic English Programs are not eligible for UNSW College scholarships. UNSW College reserves the right to, at any time, remove scholarships, reduce the value of individual scholarships, or cease its offering of scholarships to eligible students without prior notice.

How to apply

Step 1 – Choose your degree

Choose your UNSW Sydney degree, so you can work out which stream you will study with us.

For more information, visit unswcollege.edu.au/study/progression-to-unsw-sydney

Step 2 – Check entry requirements

Choose a UNSW College course or program based on the below entry requirements.
- Academic entry requirements, on page 52
- English entry requirements, on page 58

Step 3 – Prepare your documents

You will need certified copies of the following:
- Academic qualifications (translated into English)
- Evidence of English language proficiency (if applicable)
- Proof of identity; this may take the form of one of the following documents:
  - Current passport with photo page (for students who are outside of Australia at the time of application)
  - Current passport and visa (for students who are already in Australia and/or who already have a current visa for Australia)
  - Birth certificate (only for students who were born in Australia and currently reside in Australia)

Step 4 – Apply online

Scan the QR code below to apply online, alternatively if you want to study;

If you are an agent submitting an application to Transition Program Online, visit partner.studylink.com

a Diploma Program, visit apply.unsw.edu.au

a Foundation Studies Program or Academic English Program, visit unswcollege.edu.au/apply/how-to-apply

Transition Program Online, visit openlearning.connect.studylink.com

Step 5 – Accept your offer

Once we approve your application, you will receive a Letter of Offer with instructions on how to accept your offer and pay your deposit or fees.

Step 6 – Apply for your visa

Once you accept your offer, you will receive a CoE - Confirmation of Enrolment (applies to international students only). The CoE is required by the Department of Home Affairs for the purpose of applying for a student visa. For more information on how to apply for student visa, visit

https://immi.homeaffairs.gov.au/visas/getting-a-visa/visa-finder/study

Step 7 – Attend orientation and start your studies

You will receive information about your orientation session by email. It is compulsory to attend the orientation, as it includes resources, events and information sessions designed to get you ready and set set up for day one of your journey with UNSW College.

For more information on how to apply, visit unswcollege.edu.au/apply/how-to-apply

Note: If you're under 18 years old, you will need additional documents. Read more at unswcollege.edu.au/experience/under-18-care
